The Second Day's Proceedings
at Boston.

NOTHING STARTLING DONE.

Only Routine Business Accomplished Be-
sides Listening to Several Speeches
Made by Well Known Grand Army
Men.

BOSTON, Aug. 15.—The Grand Army
encampment was not called to order
until nearly 11 o'clock yesterday. Past
Commander-in-chief Morrill presented
the report of the pension committee,
which was adopted by a unanimous
rising vote. The encampment expressed
its thanks for the valuable report of the
committee.

At this point Gen. Alger requested
Comrade Sherman to step upon the
platform, and as the general walked
down the aisle there was a storm of ap-
plause and cheers. Comrade Warner
was then requested to ascend the plat-
form with Past Commander-in-chief
Devens. Gen. Sherman then in a feel-
ing manner presented Comrade Warner
with a beautiful candelabra set. Com-
rade Warner eloquently responded.

The presentation was made in behalf
of the National encampment. Com-
mander Alger then announced that a
committee from the Woman's Relief
Corps was in waiting, and it was voted
to receive the delegation. Mrs. Knowles,
the head of the delegation, was intro-
duced and was loudly applauded. She
made a short speech of congratulations
and sympathy and gave some interesting
statistics of the prosperity of the
Woman's Relief Corps.

Commander Alger made a short re-
sponse expressive of the hearty appre-
ciation by the Grand Army of the work
of the corps. The ladies then with-
drew.

The committee on changes in the
rules and regulations then presented
their report, recommending various
changes.

A minority report in favor of adopt-
ing a resolution offered by the depart-
ment of Massachusetts, providing the
substitution of the old ritual for the
present one, was adopted by a large
majority.

The committee reported adversely on
the proposition to change the rules so
that hereafter past department com-
manders shall not be entitled to seats in
the National encampment. Adopted.

The committee on address of com-
mander-in-chief presented its report,
heartily commending the report and
thoroughly endorsing the just policy set
forth in the following passage:

"It has been my determination to recog-
nize as a comrade the equal rights of
every man, no matter what his color or
nationality, provided he has two qualifi-
cations, an honorable discharge. In this
struggle of life the strong should aid the
weak. It ennobles the former and helps
to alleviate the latter."

The report heartily approves the high
praise given the relief corps.

The committee offered a resolution
that the council of administration pre-
pare suitable testimonials of appreciation
by the Grand Army of zeal and
earnest devotion of Commander-in-Chief
Alger.

The encampment at 1 o'clock took a
recess until 2 p. m.

At the afternoon session resolutions
were adopted favoring the removal of
Gen. Grant's remains from Riverside to
Arlington, provided it was in accord-
ance with Mrs. Grant's wishes; thank-
ing congress for passing and the president
approving pension laws; favoring
the making of Ford's theater, in Wash-
ington, a National museum for war
mementoes, and favoring the exemption
of veterans for examination in classified
civil service. The majority report of
the committee on pensions was rejected,
and a minority report was substituted.
It affirms and endorses the resolutions
passed at former encampments and asks
for the passing of a service pension bill.
B. F. Stevenson, of Cynthia, Ky., was
elected surgeon-in-chief, and Myron W.
Reed, of Denver, chaplain-in-chief. Gen.
Vesey named as his adjutant general,
Joseph H. Goulding, of Rutland, Vt.,
and John Taylor, of Philadelphia, quar-
termaster general.

After the installation of officers the
encampment closed.

The principal events of Grand Army
week were fittingly concluded yesterday
evening by a grand banquet in Mechan-
ics hall, complimentary to the delegates
to the encampment and invited guests.
Among the invited guests who occupied
the seats of honor were Gen. Sherman,
Governor Brackett, Mayor Hart, Lieut-
enant Governor Haile, Gen. Sickles,
Collector Beard, Hon. John D. Long,
and Past Commanders-in-chief Devens,
Merrill, Kountz, Fairchild and Warner.

At 9:30 the new commander-in-chief,
Judge Vesey, entered with Corporal
Tanner. This was the signal for a great
shout, the veterans arising, waving
handkerchiefs and napkins and shouting
"Vesey, Vesey."

At 9:30 Gen. Alger came in and was
similarly greeted, the veterans arising
at the call of Department Commander
Innis and giving three cheers for the
past commander-in-chief.

It was 10:30 before the last course—an
elegant and well-filled cigar case bear-
ing the likenesses of Alger and Innis—
had been served to each gentleman
present. About 11 o'clock Col. Charles
H. Taylor, of The Boston Globe, was
introduced as toastmaster of the even-
ing, and in his own inimitable way pro-
ceeded to address the assembly. After a
few preliminary remarks Col. Taylor
introduced Maj. Morrill, who briefly
responded in behalf of ex-Governor
Long, chairman of the executive com-
mittee, who had been obliged to with-
draw.

Commander-in-chief Vesey was then
introduced. He was very hoarse from
much speaking and after a few remarks

in the endeavor to get order, thanked
the soldiers for their cordial greeting,
not to him, but to his office.

Col. Taylor then introduced Governor
Brackett who responded briefly.

Gen. Sherman was then introduced
and addressed the assembly. After re-
ferring to his own pleasure in Boston's
entertainment, the general said: "I am
glad that you have taken command. I
have seen one young man pass to-day
and a new one installed with that
gentleness and subordination to author-
ity which makes our American history,
and which is the best promise of a glori-
ous future of any single feature in our
American government. In looking back
upon the past, I, one of your old com-
manders, am pleased with you, my
sons." (Applause.)

COLLISION AT SEA.

One Vessel Goes Down at Once, and the
Other Abandoned After Three Days.

NEW YORK, Aug. 15.—Details of the
wreck of the British steamship Para-
matta reached this city Wednesday.
The vessel sailed from Melbourne, Aus-
tralia, homeward bound, on July 20.
On the seventh night out she came into
collision with the bark Ethel Mary, of
Milford Haven, bound for Auckland.

The latter was cut almost entirely in
two, and sank shortly after the acci-
dent. Her crew was saved. The steam-
ship was also badly damaged by the col-
lision, and began leaking so freely that
it was impossible to keep her afloat.
After ten days' hard work at the pumps,
during which time signals of distress
had been constantly displayed, and
when the passengers were all about to
desert the ship, the American ship
Amboy hove in sight and took off all
hands but Capt. Douglass and his offi-
cers.

These refused to leave the doomed
ship and remained on board the wreck
for three days. They were finally com-
pelled to desert the Paramatta, and
after a perilous four days' voyage in a
small boat they were picked up by the
ship Avondale and will be landed at
Dunedin, New Zealand. The men were
entirely broken down when rescued and
could not have stood their sufferings
much longer. The Paramatta was one
of the finest ships in the Australian ser-
vice of the P. & O. Steamship company,
of London, and cost \$600,000.

A Big Timber Fire.

RAPID CITY, S. Dak., Aug. 15.—In the
Southern hills, within a few miles of
this city, dark volumes of smoke are
rising from a region understood to be
twenty miles in extent. The wind at
one time cleared the atmosphere of
smoke and a good view was obtained.
There are two fires between this city
and Rochford. The fire is four miles
east of Rochford in dead timber. It
originated from lightning, which struck
ten days or more ago, and is spreading
all the time in every direction and
consumes everything in its way. Not far
from Pinkerton's saw mill another fire
has been raging. The fire has destroyed
a great deal of timber.

A Wolf Released.

SAN FRANCISCO, Aug. 15.—A special
to The Chronicle from San Diego says.
Ernest Wolff, a cattle dealer near the
Mexican line a few days ago
crossed the border for his cattle, and on
returning with them was forced to pay
\$500 to Mexican officials as export duty.
Next morning he crossed the line again
and was arrested and imprisoned. Yes-
terday fifteen of his friends armed them-
selves to free him but finally decided to
try strategy first. One of them went to
the guard-house with a quantity of doc-
tored mesal and succeeded in drugging
all the Mexican officials. He then re-
leased Wolff and fled. Further trouble
is feared.

More Than He Was Charged With.

TRENTON, N. J., Aug. 15.—Philip Lin-
senbiger, charged with having absconded
with \$300 of the funds of the Penn-
sylvania lodge, Junior Order of United
American Mechanics, of which he was
treasurer, was arrested here yesterday.
Linsenbiger, who belongs in Westmore-
land county, where he left a wife and
three children, pleads guilty to the
charge, and also admits having pro-
cured \$400 more on a forged paper.

Grain Elevator Burned.

KALAMAZOO, Mich., Aug. 15.—The
large grain elevator owned by J. L.
Searing, of this city, was partially de-
stroyed by fire Wednesday, entailing a
loss upon building and contents of
about \$20,000. The loss upon the wheat
will fall upon the farmers, who carried
little or no insurance. The building
was insured.

Arrested for a Burglar.

WINDSOR, Ont., Aug. 15.—A detective
from Pittsburg yesterday endeavored to
induce John C. Muller, the alleged
Pittsburg forger, to go back without ex-
tradition proceedings. Muller refused
and will fight it out. The amount of the
alleged forgery is nearly \$6,000; the Ger-
man National bank being the most in-
terested.

Counterfeiters Run In.

STUEBENVILLE, O., Aug. 15.—Seven
men were arrested yesterday for passing
counterfeit coin, but only two were
held. They were Oscar Steward and
Samuel Liggett, of Hopedale. The
principal operator skipped. The dollars
are dated 1889 and are lighter and prob-
ably made at a plant in Tuscarawas
county, recently destroyed.

A Forger Admitted to Bail.

KOKOMO, Ind., Aug. 15.—Freeman
Cooper, who was recently captured in
Texas and brought back to Kokomo to
answer to the serious charge of forgery,
has been admitted to bail in the sum of
\$10,000, his father, brother and two
uncles, who reside in Clinton county,
being his bondsmen.

Stripped with the Noodle.

LIMA, O., Aug. 15.—Alvin Crites, a
young married man at Kempton sta-
tion, has deserted his young wife, and
the Lima banks hold \$1,000 forged notes.
He used the name of his father-in-law,
Abraham E. Ast.

The House and Senate.

Proceedings of Both Branches
of Congress.

NO QUORUM IN THE HOUSE.

All Legislation Was Thus Prevented.

After Transacting a Small Amount of
Business the Senate Resumes the De-
bate on the Tariff Bill—Other Wash-
ington News.

WASHINGTON, Aug. 15.—The house
spent the day discussing the Nat McKay
relief bill, but on a vote on a motion to
recommit no quorum could be had, and
the house at 4:15 adjourned.

In the senate the house bill to ratify
a boundary line agreement between
New York and Pennsylvania, and the
senate joint resolution to relieve Okla-
homa sufferers were passed. The tariff
bill was taken up and the tin plate pa-
ragraph discussed. Mr. Vest's amend-
ment to reduce the rate to one cent a
pound was rejected—26 to 30. Messrs.
Davis and Plumb voting in the affirma-
tive. Mr. Plumb offered an amendment
to reduce the rate to one cent and pay a
bounty of one cent a pound to manufac-
turers in the United States. This
amendment was pending when the sen-
ate adjourned.

He Resigned.

WASHINGTON, Aug. 15.—L. G. Hine,
one of the civilian commissioners of the
District of Columbia, has tendered his
resignation to the president. Mr. Hine
is the Democratic commissioner, and his
resignation, it is understood, grows out
of differences of opinion about the ad-
ministration of district affairs that
have arisen between himself and Mr.
Douglass, the Republican civilian com-
missioner, and Col. Roberts, the war
department member of the commission.

Three Cities.

WASHINGTON, Aug. 15.—The census
office announces the population of the
following three New Jersey cities: Ho-
boken 43,560, increase since 1880, 12,561,
or 40.52 per cent.; Elizabeth 37,644, in-
crease 9,415, or 33.35 per cent.; Trenton
58,484, increase 28,574, or 95.53 per cent.

Grant's Remains Bill.

WASHINGTON, Aug. 15.—The house
committee on the library yesterday or-
dered a favorable report on the Plumb
resolution recently passed by the senate,
relative to the removal of Gen. Grant's
remains from New York to Washing-
ton.

Terrific Boiler Explosion.

COLUMBIA, S. C., Aug. 15.—A special
to The Daily Register from Newberry
says: A terrible boiler explosion oc-
curred at a county saw mill, twelve
miles west of Newberry, yesterday.
Four men, one white and three colored,
were killed, and two colored men seri-
ously injured. Pickins P. Matthews,
white, son of the owner of the mill,
was literally blown to atoms. Charles
N. Davis, Thomas Gillson and William
Chambers had their heads blown off.
Milton Babbe and Walt Davis were
fearfully scalded. A colored boy named
Young was the only one in the place to
escape uninjured. The boy says the
machinery was stopped when the explo-
sion occurred and the men were at
work repairing it. The explosion was
heard for miles around.

Indians Getting Gay.

ST. PAUL, Aug. 15.—E. T. LeClaire,
of the Baltimore Packing company, ar-
rived here Wednesday and applied for
government protection against the
American and Canadian Indians gath-
ered at Garden Island, Lake of the
Woods. It is claimed that the Indians
have taken possession of Garden Island
and ordered the company's people to
leave the place and remove their pos-
sessions within four days. Deputy mar-
shals will be at once sent to the island.
Mr. LeClaire has also telegraphed to
Secretary Noble for military assistance.

Renominated by Acclamation.

MINNEAPOLIS, Aug. 15.—An Ashland,
Wis., special to The Tribune says:
Myron H. McCord, the present rep-
resentative of this, the Ninth, district,
was renominated by acclamation in the
Republican convention held here last
night. The platform as adopted favors
the Lodge election bill, the disability
pension bill and the state compulsory
education law.

Party Ticket on the Pennsylvania Lines.

PITTSBURG, Aug. 15.—The Penn-
sylvania company makes the following an-
nouncement to the public: Beginning
Aug. 18 the Pennsylvania lines west of
Pittsburg will resume the sale of party
tickets, making a rate of two cents per
mile, one way, to parties of seven people
or more. This is the most liberal party
ticket arrangement yet announced by
any railroad.

Disappeared in the Rapids.

NIAGARA FALLS, N. Y., Aug. 15.—
Hackman Thomas Glynn reports that
while driving around Goat island about
11 o'clock yesterday morning, he saw a
man and boat in the rapids above the
Horseshoe falls. The man disappeared
from the boat shortly before it passed
over the falls. The boat is thought to
have been from the Canadian side.

A Missing Tannery.

NEW ALBANY, Ind., Aug. 15.—Fletcher
Ross, a farmer residing near Charles-
town, Clark county, is mysteriously
missing. He has not been seen since
Friday, Aug. 8, when he left home for
Jeffersonville, at which time he had \$250
in his possession.

Street Cars in Tiffin Stopped.

TIFFIN, O., Aug. 15.—The street rail-
way is tied up by a strike of the em-
ployees. They work 113 hours per week
for \$9, and want more money or less
time.

NEW INDIANA GAS FIELD.

The Waldron Explosion Saturates the
Soil With the Vapor.

SHELBYVILLE, Ind., Aug. 15.—The ex-
citement over the natural gas explosion
still prevails throughout the country
and thousands of people are still flock-
ing to the scene. It is now discovered
that the soil for many miles around is
impregnated with the combustible, and
that by piercing the soil with a stick the
gas may be ignited and a blaze large
enough to produce considerable illumina-
tion. In Van Buren township, twenty-
four miles north, the gas has broken
into the water wells and the use of
water from them has been abandoned.
Some of the farmers have piped the
wells and are using the gas from them
for fuel.

Ohio Census.

COLUMBUS, O., Aug. 15.—The secre-
tary of state has received information
from the census office at Washington
that the complete abstract of the census
returns of Ohio cannot be made out for
some time. Superintendent Porter
writes: "There are in Ohio 2,365 enu-
meration districts and 162 institutions. Of
these 2,326 districts and 136 institutions
have been received. Of the number re-
ceived 1,641 districts and 110 institutions
have been counted. It will, therefore,
be sometime to come before the com-
plete returns could be given for Ohio
and then only by counties and the prin-
cipal towns and cities.

Farmers' Alliance in Maryland.

BALTIMORE, Aug. 15.—The Maryland
state Farmers' Alliance adjourned yes-
terday, after installing the following
officers for the ensuing year: President,
Hugh Mitchell; vice president, F. A.
Benson; secretary, J. C. Jenkins; treas-
urer, Dr. Joseph H. Blandford. The
alliance adopted a series of resolutions,
containing their views and setting forth
their rights as citizens and agricultur-
ists. The meeting made no definite
move for or against any of the political
parties, but it is quite likely that both
leading parties will try to curry favor
here as elsewhere.

He Borrowed the Revolver.

ROANOKE, Va., Aug. 15.—A rough
looking white man walked into Nelson
& Meyers' hardware store last evening
and asked for a revolver. A 38-calibre
Smith & Wesson was shown to him and
at his request the clerk loaded it. Step-
ping back from the counter, the stran-
ger placed the weapon to his head and
fired, the bullet entering the brain and
causing instant death. A letter in the
man's pocket was addressed to "W. C.
Young, Roberta, Franklin county, Va."
The man was under the influence of
liquor.

Congressional Nominations.

SACRAMENTO, Aug. 15.—The second
congressional district Republican con-
vention yesterday nominated George
G. Blanchard, of Eldorado, for congress.
The Third district convention nomi-
nated Congressman McKenna, the
Fourth adjourned to meet in San Fran-
cisco at the call of the chair, and the
Sixth district to meet at Fresno Aug.
26. Congressman J. J. Dehaven, was
nominated for associate justice of the
supreme court for the short term by the
Republican convention.

A Town Destroyed.

BUFFALO, Aug. 15.—A special from
Austin, Potter county, Pa., states that
a fire started on Main street, in that place,
late last night and burned with great
fierceness until 4 o'clock this morning,
wiping out the business portion of the
town, including the Buffalo Hardware
company's establishment and the Ellis-
worth house. Forty-two business houses
were burned and a large number of
dwellings. Hundreds of people are
homeless. The loss is estimated at
\$500,000.

Murdered by Arabs.

NEW YORK, Aug. 15.—Information
has been received in this city of the
murder in Sudan by Arabs of F. M.
Gates, E. Kinman and John E. Jader-
quist, Presbyterian missionaries, who,
with seven other missionaries, left us in
May last. No details are at hand and
nothing more than the fact can be
known until letters arrive from Sierra
Leone, two or three weeks hence at the
earliest.

A Minister Attempts Suicide.

NEW YORK, Aug. 15.—Andrew Col-
ville, aged 46, who was formerly a
Methodist Episcopal minister, attempted
suicide by shooting about midnight
Wednesday night, while in a drunken
delirium. He has drank incessantly
for four years. His wife's refusal to
live with him any longer prompted the
attempt upon his life. His wound is
not considered dangerous.

Arrested for Embezzlement.

CHICAGO, Aug. 15.—Albert Beaumont,
advertising agent for the Chicago opera
house, was arrested Wednesday on a
charge of embezzlement. Beaumont
had charge of the distribution of 500
tickets weekly for advertising purposes,
and it is alleged that he disposed of a
number of them at a reduced price and
not for the purpose intended.

An Old Resident Gone.

SOUTH BEND, Ind., Aug. 15.—Abijot
Samption, one of the oldest residents in
the vicinity of South Bend, died yester-
day, aged 78 years. He had been ill for
several days, but was not considered in
a critical condition until just before his
death. He leaves five children.

Killed in a Runaway.

COLUMBUS, Ind., Aug. 15.—Two
daughters of Samuel McLeary were
driving in a single buggy yesterday
afternoon, when the horse took fright,
running down a hill and dashing the
buggy to pieces. The young ladies were
thrown out and fatally injured.

Goblet Works Burned.

BELLAIRE, O., Aug. 15.—The entire
plant, tools and stock of the Bellaire
Goblet works was destroyed by fire yes-
terday. One hundred and twenty men
are thrown out of employment. Loss
\$50,000, covered by insurance.

EVENING BULLETIN.

DAILY, EXCEPT SUNDAY.
ROSSER & McCARTHY,
Proprietors.
FRIDAY, AUGUST 15, 1890.

Longmoor carried Bath by 411 majority at the late election. Clark Bascom is the only one who ever got a bigger majority in that county.

News comes from the East that the Newark leather manufacturers have advanced prices 10 per cent. all round, assigning as a reason for their action the increase in the duties on raw hides and oils. If the people of the country have to pay higher prices for footwear, they can lay the matter at the doors of the present Republican administration.

There are nine Democratic candidates for Congress in the district just across the river, and the coming convention at Georgetown promises to be a lively one. The aspirants are Pattison, White, Tyler, Hough, Dickey, Washburn, Eylar, Pennell and Steele. The fight for the Republican nomination will not be slow either, as there are seven of the faithful mentioned as candidates, among them four from Brown County—Shelton, Williams, Dunham and Young.

It's rather amusing to hear how some of the g. o. p. journals talk. Here's the Buffalo Commercial remarking that "Tennessee Republicans have a fine chance of carrying the State this year." Yes, Tinsley was going to defeat Longmoor by 10,000 majority a few days ago, but when the votes were counted he lacked only 60,000 of the required number. And the Cincinnati Commercial-Gazette actually had the Union Democrats in open revolt against Longmoor—before the election.

MASON COUNTY is indebted to Hon. L. W. Galbraith, our late Superintendent of Schools, for the excellent school tax bill which was so highly endorsed by our people at the August election. This fact should not be overlooked. Our educational affairs have need for such intelligent men as Mr. Galbraith and we should shove them to the front.—Dover News.

Mr. Galbraith has been mentioned in connection with the office of State Superintendent of Public Instruction. We do not know that he has any aspirations in that direction, but he is splendidly qualified for the position.

BLAINE's remark that "there is not a section or a line of the entire bill (McKinley Tariff measure) that will open a market for another bushel of wheat or another barrel of pork," captured the country. It was a crusher to Reed, McKinley and crowd, coming from one of their own party, and it is said they now propose to get even with the Plumed Knight by calling attention to the fact that it was this same James G. Blaine who declared that "Trusts are largely private affairs." That won't do. The Plumed Knight's eyes have been opened by the Democrats since 1888.

Here and There.

Mr. Andrew January, of Chicago, is in town visiting relatives.

LIVELY TIMES

Promised in the "State of Lewis."
J. Win Parker Concludes
to Contest

The Election of A. P. Darrow, Who
Was Chosen Circuit Clerk by
Only Three Majority.

There will be some lively hustling in political and official circles in Lewis County during the next four weeks.

It will be remembered that on the face of the returns from the late election the Alliance candidate for Circuit Court Clerk, Mr. J. Win Parker, was defeated by Mr. A. P. Darrow, Republican candidate. Mr. Parker got 1,589 votes, while Mr. Darrow got 1,592 votes, making only three majority. Mr. Darrow procured his certificate, took the oath required by law and at once assumed charge of the office.

Ever since the election there have been rumors of a contest and on Wednesday the rumor took shape by Mr. Parker serving the usual legal notice of contest on his late opponent.

The notice states a great many grounds for unseating Mr. Darrow. For instance, Parker charges that fifty minors voted for his opponent; also that fifty persons who had not been in the State, county and precinct the length of time required by law voted for Darrow. He charges, in addition, that many residents of Ohio came over and patriotically deposited their votes for "boodle" and the Republican ticket; that lots of enthusiastic citizens voted too early, too often and too late; that in Mowers' and Concord precincts the polls were kept open until eight and nine o'clock, contrary to law, which required the closing of the polls at 7 p. m. He asserts that in Petersburg precinct the Judges, Sheriff and Clerk of election failed to sign the poll books when returned. The contestant states many other charges, and if most any one can be substantiated the result will be changed in his favor.

Mr. Parker has employed Col. R. D. Wilson, of Vanceburg, and Judge Thos. R. Phister, Judge Wail and Ex-Senator Worthington, of this city, to look after the legal phases of the contest.

Mr. Darrow thinks "a miss is as good as a mile," and that a majority of three is large enough for all practical purposes. He also claims that as many illegal votes were cast against him as for him, and he proposes to make the contest as interesting as possible. He has retained Judge Geo. M. Thomas and Col. Will Fitch, of Vanceburg, and will probably secure the services of Hon. W. H. Wadsworth, of this city, to watch the movements of the contestant.

The case will be tried upon depositions, taken within the next four weeks, and will first come before a board composed of the County Judge of Lewis, and two Magistrates residing nearest to the court house at Vanceburg.

This contest will encourage others and it is likely the contest will reach to every office in the county. The present County Attorney, E. Huston Fitch, was defeated by Mr. W. C. Halbert by a small majority and he has announced his intention to serve notice on Mr. Halbert, contesting his election.

The developments will be awaited with interest, as they promise to throw a strong light on the political maneuvers of the "Ring" that has been running the "State of Lewis" so long.

Will Stop at Market Street.

Commencing to-day, C. & O. trains Nos. 17 and 18—the Russell accommodation—will hereafter stop regularly at foot of Market street. Tickets will be placed on sale at the Central Hotel as soon as new ones can be issued. In the meantime these trains will stop long enough at the depot to enable passengers to procure tickets.

It will probably not be a great while until all the C. and O. passenger trains will stop at foot of Market, except the Limited F. F. V.

Notice to Tax Payers.

During our epidemic of dysentery in the summer of 1879, I sold 108 bottles of Chamberlain's Colic, Cholera and Diarrhoea Remedy, and it proved satisfactory in every instance. The remedy is standard in this community.—Geo. B. Dunbar, druggist, Center Point, Iowa. The epidemic referred to was by far the worst that has ever occurred in Iowa. Over 40 persons died from it in a town of only 500 inhabitants; but every case in which this remedy was used recovered. It was equally successful during the epidemic of bloody flux in Virginia in 1887, and in Michigan and Southern Illinois in 1888. It has been in constant use for over eighteen years, and has proved itself to be the most successful medicine yet discovered for bowel complaints. For sale by Power & Reynolds.

Scott M. E. Church.

A plain statement to the citizens of Maysville. Since I have been here as pastor of the above named church, I have heard it repeatedly stated that the church was reported, perhaps over a year ago, as being out of debt. Therefore, I deem it my duty to correct said report. The church is in debt to the amount of \$1,016, over \$700 of which is borrowed money, together with interest on same, from the Church Extension Society of Philadelphia, Pa., and is past due. The rest is owing to citizens here in this city.

In view of meeting the above indebtedness, all of which is due and payable, the trustees have authorized the members to solicit money from generous friends on the same. All contributions will be thankfully received.

The public are not generally aware that an insurance agent is required to have on record in the County Recorder's office a certificate of authority for him to act as such, and that all agents who travel around and have no such authority are liable to heavy penalty and some of our resident agents who comply with the law should see that their rights are not trampled on.

Hon. Chilton A. White, candidate before the primary September 6 for Congressional honors, was in town this week. Mr. White is one of Brown County's most able lawyers, a man of giant intellect, one who has and can again fill the position of Congressman from this district with ability and honor to his constituents. He has been in public service nearly all his life, having enlisted (when eighteen years old) under Ohio's favorite son, General Thomas Hartley, in the Mexican war, passing the bloody battles of that siege with credit to himself. He represented this section in Congress during the war and was conceded to be eloquent and fearless in battling for the right. His Democracy is unquestioned, being of the old Jacksonian type of Democrats. He stamped the State for Vallandigham, and as a lawyer he ranks in the front end of the profession.

Judge Joseph K. Sumrall, of Danville, was registered at the Stonewall House this week, where he met many of his old friends. The Judge is looking well. He has been at Blue Lick Springs several days.

We had the pleasure of hearing Rev. Sam Jones last Sunday and gave him a listening ear, and was highly pleased with him throughout. We are positive when we say in the two sermons we heard him preach Sunday morning and afternoon he never uttered a word about Maysville. Your informant was certainly mistaken. It was Carlisle that got the tongue itching. Come, boys, "give the devil his dues."

A YOUNGSTER'S ASTONISHING RECORD

"Will wonders never cease?" asked an old woman. We answer: we think not, so long as there's enough sand, grit and backbone left to make "snap." This refers to our young trotter now just turning its first year. But a twelve-month ago it first heard the magic word "go." Starting finely, abreast of old trotters who had the advantage of years of training at the hands of experienced grooms and professional drivers, he distanced the field, and has become the favorite of all those who admire the quality of "go," whether it be in horse, man or machine. And everybody admires the spirit of it. The name of our yearling is the

Mammoth Spot Cash Shoe Store!

We started out one year ago with the largest and best-selected retail stock of BOOTS and SHOES ever seen in Kentucky, to sell on a strictly one-price and CASH plan, as an experiment, having confidence that, with such a stock, at prices far below any ever known, our friends would appreciate our efforts and reward us with a liberal patronage. They have done this far beyond our most extravagant expectations. For this our gratitude is greater than cold words can express.

In entering upon the second year of our existence, we present our compliments to our friends, and beg to say we shall not abate one whit of our efforts to continue to deserve their favors and merit their confidence. Come and see us; we will save you money.

INTELLIGENCE has been received by friends of the family at Washington that Bishop John N. Gallaher is very ill at Louisville, to which place he came with the remains of his mother who died lately at New Orleans, notice of which appeared in these columns.

MR. JAMES F. ROBINSON, an ex-Maysvillian, has been chosen General Manager of the Land Sale Company of Florence, Ala. The Herald says: "He is a hustler, and the right man in the right place, if enterprise, energy and good business qualities enter into the case."

AN exchange was about right when it remarked that "the only men of worth to a town or community are those who forget their own selfish ends long enough, and who are liberal enough in their ideas, to encourage every public and private enterprise; to push all projects calculated to build up the town and enhance its importance. The enterprise and push of a town or community is the foundation of its permanent success."

THE Herald of Florence, Ala., says: "On Thursday, Aug. 5th, from 5 to 8 p. m., the residence of Mr. and Mrs. James F. Robinson was thrown open to receive the girl friends of Belle Douglas and Brownie Robinson, in honor of their visitors, Hattie and Georgia Dobyms. About twenty-five little Misses were present and a delightful evening was spent in blowing soap bubbles and other amusements. Refreshments were served which added much to the pleasure of the occasion."

MR. JOHN W. FARLEY, who has charge of the Flemingsburg bus, had a pretty close call a few days since. Lightning struck a tree about fifteen feet from the vehicle. The tree was splintered, Mr. Farley's right leg was benumbed, one of the horses was lamed and the passengers within the bus considerably shocked and frightened. Col. Lenaghan, of the Republican, was aboard and says, "it was the nearest call to Kingdom Come he ever had." Mr. Farley is still suffering from the injuries he received.

REV. J. M. EVANS returned home Wednesday, having been absent three and a half weeks, in which time he held two protracted meetings. The first was at Erlanger, on the Cincinnati Southern, seven miles from Cincinnati. There were 21 additions. He then assisted Dr. E. O. Guerrant in Woodford County. There were 73 confessions of faith, 63 of whom united with the Presbyterian Church. Money was raised to build a church. When Dr. G. took charge of this field four years ago, there was one church building with 160 members. There are now three, with money raised to build another; 550 members, four Sunday schools with 400 scholars and four weekly prayer meetings with an average attendance of 300. Dr. Guerrant has a nice parsonage and gets a salary of \$2,400 a year. The pastor before him got \$800. He has done a great work.

SOME of the campers at Parks Hill awoke one morning this week with snakes—in bed with them. The reptile was three feet long. One of the occupants of the cottage, a Mr. Wallingford, said she felt something moving around under her during the night, but never went to the trouble to examine and see what it was until next morning. She must have been awful sleepy.

ATTENTION is called to the "ad" of McIlvain, Humphreys & Bramel in this issue. They are constantly receiving the latest styles of furniture, and they sell as low as any firm in Maysville. In the undertaking department their supply of cases, caskets, metallics, burial robes and suits is the most complete in Northern Kentucky. Their "child's white hearse" is the finest in the State. The undertaking department is in charge of Mr. Geo. Griffin, of Cincinnati, an expert embalmer and funeral director. The firm has secured the services of Mr. John O'Mahony, formerly with Pearce & Ort, who will give special attention to the furniture trade.

MINER'S MAXIMS

In the race for business,
Shoes are our horses,
Price is our jockey,
And we ride to win.

And you know that means our horse is never going to be overweighted by his jockey; or, in plain words, our shoes are not going to be overweighted by Price.

We are in the race to win business.

We are winning it. That shows that our jockey is all right. There's nothing to the matter with OUR PRICE.

But we sell GOOD shoes only.

Of course we do. And "good shoes bring a good price," say you. Right again! But a "good" price is not necessarily a high price or a big price, any more than a "good" man is necessarily a tall man, or a "good" woman a big woman. That's why our prices can be both "good" and small.

For that's what they are.

All the more reason why you should not pay a "good" price for a poor shoe, when you can get GOOD shoes at a low price at MINER'S.

SOUTH SEA SLAVE TRAFFIC.

It is said to be carried on under the Protection of the British Flag—Another Ukase Issued by the Czar—Other Foreign News.

LONDON, Aug. 15.—Horrible accounts are received of the slave labor traffic by British planters in the south sea. The Presbyterian mission synod in the New Hebrides has passed a resolution to the effect that "The Kanaka labor traffic had, to a large extent, depopulated the New Hebrides and adjoining islands, upset family relations among the natives, and has been and is the cause of much sorrow, suffering and bloodshed."

A missionary named Paton reports that he had himself seen white men in their boats taking Kanakas to a labor vessel—as the slave ships are called—forcibly lifting them on board, and when they tried to swim ashore they were knocked down again and again until they lay stupefied on deck and were thus carried out to sea.

Those thought likely to escape are fastened with chains on board. A chief was shot dead by the crew of one of these vessels while attempting to protect his daughter, and a native Christian teacher was also shot dead.

This slave trade is carried on under the protection of the British flag for the benefit of planters in Queensland and the Fiji islands.

Does the Czar Favor Peace?
ST. PETERSBURG, Aug. 15.—An important indication of the disposition of the czar to maintain peace is furnished by a ukase which has just been issued, to the effect that all the infantry and artillery recruited in 1885, 1886 and 1887 are to be transferred to the reserves after the summer maneuvers. This will, of course, make a great reduction in the effective strength of the Russian army. The measure remits a year of active service in the contingent recruited in 1886, and two years from that of 1887. Moreover from the beginning of next year the term of service will be reduced from five to four years for the whole of the infantry and the foot artillery regiments.

The Atlantic Cattle Trade.

LONDON, Aug. 15.—The agitation started by Mr. Samuel Plimsoll over the question of the cruelty of the Atlantic cattle trade is growing greater every day. Frightful pictures are drawn of sufferings which the animals are compelled to undergo on the voyage between England and America. An attempt is also being made to prove that the meat of these animals is unfit for food under the present conditions of transport. A bill has already been introduced into parliament on the subject, and Mr. Henry D. Plimsoll, a brother of the ex-member, who is known as the "Sailors' Friend," is now in America collecting evidence for the crusade.

Mutiny in the British Army.

LONDON, Aug. 15.—The discontent prevailing among the home regiments has spread to Ireland, and it is feared that an emute will occur in the garrison at Belfast. The pickets have been doubled and every other precaution against a revolt has been taken, but the likelihood of trouble is still very great. The discontented feeling among the troops in Ireland is similar to that which obtains so generally in England, and the clamor for an official investigation of the causes of the trouble and redress of the grievances of the men is increasing.

Monopoly of Chemicals.

PARIS, Aug. 15.—A combination having for its object the creation and control of a monopoly in the chemical trade has been formed in this city. The movers in the enterprise represent a capital of \$8,000,000.

Many People Drowned.

CALCUTTA, Aug. 15.—The river Ganges has overflowed its banks, inundating the surrounding country to an extent never before known. A great number of persons have been drowned.

Foreign Notes.

A house fell in in Pesth Wednesday and nine persons were injured, some of them fatally.

An explosion occurred in a distillery at Posen Wednesday, killing ten men and injuring several others.

Styria has been dreadfully ravaged by storm and flood. The losses attain the dimensions of a National calamity. The districts at the foot of the Noric Alps are inundated. Many houses and bridges around Affens have been destroyed. The iron works there are submerged. Many persons have been drowned.

An English syndicate operating in Austrian Silesia has found an enormous field of coal, extending through a vast tract of country offering excellent facilities for marketing the output. The deposit is declared by experts to be almost inexhaustible. Work will be begun at once to mine the coal, for which purpose thousands of men will be in demand.

The railway employees throughout Wales, without regard to class of occupation, have intimated through chosen representatives their willingness to submit to a weekly levy upon their wages for the support of the men on a strike and the collection will begin with the present week. The offer is entirely voluntary on the part of the men at work.

A plague of worms has extended over the forests in the north and east of Germany. The Bavarian forests have been devastated by the pests and the government is paying the people a half-penny for every worm caught and killed. The vineyards in Rudesheim, Bingen and Geisenheim are also infested with phylloxera and the crop is in danger of total destruction.

Renominated to Congress.

BEARDSTOWN, Ill., Aug. 15.—Congressman Scott Wike, of the Twelfth district, was renominated for congress at the convention here yesterday.

WOMAN'S RELIEF CORPS.

The Second Day's Proceedings of the Convention at Boston.

BOSTON, Aug. 15.—At Tremont temple yesterday forenoon the floor presented a lively appearance, as the delegates to the Woman's Relief corps convention were getting ready for the election of officers. Some vigorous electioneering was done. The exercises opened soon after 10 a. m. with the opening ode and the reading of the secretary's report.

A communication was read from Phil. Kearney post No. 10, G. A. R., acknowledging substantial aid from the Woman's Relief Corps in the matter of funds for the decoration of graves. Past department president, Mrs. Bancroft, of Ohio, presented the report of the instituting and installing of officers, which was followed by reports of the standing committees.

In the midst of business Department Commander Floyd Clarkson, of New York, was presented as one of the men who had done most to further the work of the relief corps. He was enthusiastically greeted and spoke briefly. Mrs. Nettemeyer responded in a complimentary speech. Mr. Clarkson was then decorated with the eighth National badge of the order and escorted from the hall.

Mrs. Emma P. Hampton, past National president, read resolutions relating to the important secret business of the order and a spirited discussion followed.

KNIGHTS OF LABOR.

State of Affairs in the Central Strike and Other Labor News.

ALBANY, Aug. 15.—The Central railroad has broken the blockade, and at noon four freight trains were moved west and three south. Each train was protected by about twenty Pinkerton men. No opposition was made by the strikers. The men on the Delaware and Hudson road went back last night without any concessions being made by the road. The strike, so far as the roads are concerned, seems to be over, although the men are as strong in numbers and as confident as ever. There was a fracas at East Albany yesterday evening between Pinkerton men and strikers, in which the latter were worsted. No blood was spilled, but two prisoners were rescued.

No Change at Syracuse.

SYRACUSE, N. Y., Aug. 15.—The only change in the strike here since yesterday is the greater frequency with which freight trains are moving east and west. The Knights of Labor are as confident of success as they were when they first went out, and they hint mysteriously at future developments which, they say, will determine the struggle in their favor. Outside of their own statements, however, there is no evidence to sustain their view of the strike.

Buffalo, Aug. 15.

—The situation in this city to-day is practically unchanged. In the depot passenger trains are running closely on time, and the new men are doing their work in fair shape. It could be seen easily that the hands employed were inexperienced, and some inconvenience to travel was the result. However, no serious delay has occurred.

The Firemen's Boss.

CLEVELAND, O., Aug. 15.—An Associated Press dispatch from Albany yesterday stated that Grand Master Sargent had ordered out the New York Central firemen. Grand Master Sargent arrived at 2 o'clock this morning from Terre Haute. Hastily alighting from a sleeper he hurried to a carriage, where he was intercepted by an Associated Press reporter.

When told he was expected in Cleveland to arbitrate the strike question on the New York Central, he said: "I have come to Cleveland to meet a committee of our men from Youngstown to consider questions of business relative to the convention."

"Then am I to understand you are not here to look after the firemen's interest in the New York Central strike?"

"My trip has nothing to do with the strike on the New York Central."

Gone to New York.

DETROIT, Aug. 15.—The general executive board of the Knights of Labor left this city for New York at 10:55 yesterday evening. It is understood they intend to complete their work there. In a speech before an assemblage of knights Mr. Powderly said he and his comrades were going to New York to demand arbitration in the matter of the New York Central strike. Just before leaving the city Mr. Powderly stated that they had heard nothing from District Assembly No. 246. They thought it strange, and were going to investigate. Continuing, Mr. Powderly said they would see Mr. Webb the first thing, and if the New York Central men were found to be in the wrong they would applaud the action of the railroad company in discharging them. Mr. Wright, he said, would meet them in New York.

Without Opposition.

MINNEAPOLIS, Aug. 15.—A Madison, Wis., special to The Tribune, says: The Republicans of this district met at Dodgeville yesterday and renominated R. S. La Follette for congress. There was no opposition whatever in the convention, although La Follette's ultra tariff views have occasioned no little dissatisfaction in the district.

Roasted Pickles.

MILWAUKEE, Aug. 15.—The Paul Bechtner vinegar and pickle works, corner of East Water and Huron streets, was totally destroyed by fire yesterday evening. Loss, \$50,000; fully insured. The stock of Candles, Schram & Company, trunk manufacturers, in the adjoining building, was damaged by water to the extent of \$5,000; also covered by insurance.

Sentiment and Cents.

Helen (dreamily)—How fitting that lovely flowers should have a language of their own! They seem created to silently voice the sweetest fancies. Is it not so?

Harry (cruelly)—Yes. But to me they silently voice solid, frozen facts. Five dollars for a small bouquet and cash with the order. I suppose this is the language of the thorns.—Pittsburg Bulletin.
